Name: STRATOS 3 safety harness	Code: FD118	FD11 FALL ARREST DEVICES - HARNESES
---------------------------------------	--------------------	--

Description

Fall arrest and work positioning harness with sternal attachment. In polyester, 44 mm wide, with 23 kN breaking force. It features:

ATTACHMENTS: 1 dorsal D-ring attachment and 1 front/chest D-ring attachment; 1 ventral D-ring attachment, waist height, on front for rope access, and 2 lateral D-rings for work positioning.

ADAPTABILITY: fully adjustable shoulder straps, legs loops and waist belt.

ADVANTAGES: padded shoulder straps, waistbelt and leg loops. The shoulder straps and leg loops are fitted with automatic quick-attach buckles. 2 tool rings and one larger extra ring on the back for carabiners and accessories. Hooks inserted on shoulder straps to setsingle lanyards.

ERGONOMICS: stretching straps for prolonged comfort. Specially padded straps for better shock absorption and greater user comfort.

WEIGHT: 2.40 kg

MAXIMUM LOAD: 140 kg

Technical Specifications:

- Elastic Loops: specially designed to retain the excess strap while adjusting.
- Automatic Buckles: in stainless steel.
- Lanyard Keepers: on both sides for attaching lanyards safely.
- Ventral D-Ring: for rope access, rescue and other applications, making the harness multi-purpose.
- Shoulders straps and leg loops: fully padded, with quick attach buckles. The particular padding ensures better shock absorption and air circulations.
- Back Plate: back plate enclosing the two crossing dorsal straps, keeping the D-ring in place, even after a fall.
- Front attachment: upper sternal D-ring ergonomically placed, to be used as frontal anchor point for fall protection.
- Work positioning belt: padded, with lateral D-rings for extra comfort while working. Features a back handle for attaching extra accessories.
- Combination Sliders: easy to adjust, even with one hand.

Advantages:

- Shoulders, waist and leg straps fully padded.
- Shoulder and leg straps are equipped automatic with quick-release buckles.
- 2 tool loops and an extra large loop on the back for carabiners and accessories.
- Loops on shoulder straps for positioning individual ropes.
- Stretching straps for prolonged comfort.
- Specially designed seat belt for prolonged comfort.
- Padded harness straps for better shock absorption and increased user comfort.

Metallic components: galvanised steel.

Stitching thread: High tenacity polyamide.

Static Force: 15 kN o 1.530 Kg per 3 minutes per every attaching element.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
