

Name: PALLADIUM CARGO trousers	Code: MC2114Z9	MC21 CLOTHING - KOMBAT AND LIBERTY SERIES
---------------------------------------	-----------------------	--

Description

Trousers in stretch fabric, 94% polyester and 6% spandex, weight 270 g/m². Inserts in stretch cationic ripstop, 95% polyester, 5% spandex, coupled with 100% polyester interlock, weight 270 g/m².

- Zip fastening with stud button;
 - Two side pockets;
 - Right-side pocket with flap and Velcro fastening for quick and easy access to smaller items;
 - Left-side pocket with zip fastening, mobilephone holder and heat-sealed pen holder on the right, allowing you to store larger items without the risk of them falling out;
 - Knee pad pocket closed with flap and Velcro, compatible with KGUARD MC4913 knee pads;
 - Rear pocket on the right closed with flap and Velcro;
 - Rear pocket on the left closed with Velcro;
 - Waist loops closed with Velcro, compatible with Holster MC4980 pockets;
 - Pre-shaped knees, designed to facilitate movement and improve the overall ergonomics of the garment;
 - Heat-sealed reflective inserts for greater resistance and durability compared to traditional inserts;
 - Double stitching at points subject to stress and wear, to ensure greater strength and durability.
- Work trousers made from multipurpose fabric, designed to ensure maximum safety, comfort, and functionality in everyday work environments where practicality is essential. The stretch fabric promotes freedom of movement, allowing the operator to adopt dynamic postures during work activities; the fabric helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising strength and mechanical resistance. The double-stitched seams guarantee resistance, ensuring durability even under intensive use. The pre-shaped knees help optimise freedom of movement and improve the overall ergonomics of the garment. Thanks to the knee pad pockets, the trousers allow the operator to tackle even the most uncomfortable positions during work, offering the possibility of using matching knee pads for superior protection and comfort. Heat-sealed reflective inserts increase the operator's visibility, improving safety during work activities. The 7 pockets make it extremely functional and practical, allowing you to always have the tools and items you need for work at your fingertips.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
